Toba Regency, North Sumatra Province, Indonesia

I am a fifth-semester student majoring in Information Technology at the Del Institute of Technology. In terms of testing, I am proficient in both automated and manual testing. Additionally, I am familiar with various testing tools such as Cucumber, Selenium, Katalon, and Robot Framework. I have knowledge of software analysis such as use case diagrams, ERD, prototypes, and SDLC. I am always looking for ways to improve myself and work efficiently to broaden my knowledge. I am responsible, disciplined, analytical, broad-minded, a team player, and adept at problem-solving.
